FORMAT Plank — random lengths	MADE IN United Kingdom	UNDERFLOOR HEATING Suitable for underfloor heating systems

WARRANTY

25-year structural warranty

GRADE & CHARACTER

A mix of Prime and Rustic A boards: clean lengths alongside boards with knots and natural variation. Douglas fir is a softwood and will mark more readily than oak. Supplied unfinished, to be sealed on site with an oil, hardwax oil or lacquer.

BEFORE FITTING

Store packs flat and unopened in the room where they will be laid, with heating at normal living conditions, for at least 48 hours before fitting. Subfloors must be flat, clean and dry. Blend boards from several packs as you lay.

CARE & MAINTENANCE

Sweep or vacuum regularly and clean with a lightly damp mop and a pH-neutral wood floor cleaner. Avoid steam mops, standing water and abrasive products.

FITTED BY LIGNORA

Supplied throughout the UK and fitted by our own in-house team — the same fitters on every job. Technical certificates are available on request.
